

Stokes Wood Primary School
Newsletter Spring Term no.10
(23/3/20)

Twitter: @stokeswoodPS

Facebook: @StokesWoodPrimarySchool

"At Stokes Wood Primary School the health and safety, safeguarding and promoting the welfare of all children is of paramount importance."

Regrettably, this will be the last newsletter for a while. Please keep an eye on your e-mails as we send out information to keep you updated.

The main message to you is to stay safe and follow government guidelines.

If anyone in your household has a new continuous cough and temperature, you should self-isolate the family for 14 days at home.

If you have to go out, remember to use social distancing to minimise the chance of passing/receiving any infection.

Continue to emphasise the importance of washing your hands frequently and for at least 20 seconds.

We hope to see you all very soon but until then, take care.

Children of key workers, those with Educational and Health Care Plans or in families who are receiving support from social care (may have a social worker or similar) can continue to attend school but parents must have completed the audit sent out by email. If you think your child falls into this group and you have not completed the audit, please ring the school office.

If you have any concerns about the safety of your child or anything else you can ring Mrs Gadsby, Mr Brown or Ela. We will do our best to answer or find out. 0116 2875305

Pupil of the Week awards 20/03/2020

Brian Johal, Jordan Bello, Thomas Hooke, Reon Saley-Potter, Olly Simpon, M'tayan Miles, Tate Ramsell, Erfan Mohammady, Mrs McCulloch's class, Tyler Featherstone, Ronnie Randall, Mrs Cheetham's class, Miss Stone's class,

Families on free school meals:

You should have had a message to say that if your child qualifies for a free school meal, then you can ring the school office each **Monday** morning, before 9.30am to book a packed lunch for your child for that week. You can pick this up from outside reception between 12:00 and 1:30pm.

Please apply the social distancing guidance of 2 meters when picking up your child's packed lunch.

Any questions or to book your child's packed lunch each Monday please ring: 0116 2875305.

Bagel Breakfast:

When families pick up their free packed lunch, they can pick up a bagel for the next day's breakfast if they wish, while we continue to have bagels

Work activities to keep your children purposefully occupied.

We have sent out by email, online activities for your children to do which can be accessed on a phone, tablet, iPad or laptop. Please encourage them to do some at least once a day.

In addition, there are some physical activity ideas. These are very important to keep your child fit and well.

If you have not received this email, please contact the school office.
