STOKES WOOD PRIMARY SCHOOL

ACCESSIBILITY PLAN

The Plan is for:

- Disabled pupils who are in the school now: improving access for them is a matter of planned improvements in addition to reasonable adjustments;
- Disabled pupils who are in the school system, but at an earlier Key Stage: good advance information about disabled pupils coming to the school will be important to making reasonable adjustments and to making planned improvements over time;
- Disabled pupils who are not yet in the school system, but about whom the local authority and other agencies may have information.

Over time, the focus should shift significantly from planned improvements for individual pupils to embedding accessibility considerations into everything the school does: in school improvement, in curriculum development, in maintaining and improving the physical environment, in professional development and in all planning processes.

ACCESSIBILITY PLAN

	Targets	Strategies	Outcome	Timeframe	Goals Achieved
Short Term	To renew and update the Single Equality Policy and Accessibility Plan to reflect current good practice annually	Ongoing actions : to ensure all staff and governors are aware of what the Equality Act 2010 (Section 88 Schedule 10) requires of them. To review the curriculum and extra -curricular activities provision and ascertain the aids and barriers disabled pupils could have to accessing the provision available.	All staff have the knowledge and understanding to better meet the needs of disabled pupils. Amendments made to current provision to enhance pupils' learning. 	To increase the number of SEN/EAL/ disadvantaged pupils making at least sufficient progress between entry to reception and end of KS2	By implementing new, rigorously monitored intervention programmes for these groups of pupils and by evaluating their impact. By having high expectations and a positive mind-set. By engaging fully with the parents/carers of this group of pupils and ensuring both pupils and parents/carers are supported fully by appropriate agencies. By rigorously tracking the progress of these groups of pupils across the school.	Further engagement of families in reading and other projects, Using Target Tracker and pupil progress meetings to track vulnerable groups.	Aiming for improvement year on year. April 2023 onwards	Increased no/% of SEN/EAL.Disadvantaged making /sufficient progress between entry to reception and end of KS2 Closing the gap between attainment of non-disadvantaged pupils and all other groups.

Medium Term	To remove steps between Y2/4 department and Y4/5/6 department and the cloakroom area to provide wheel chair access to rest of building without going outside. If not possible to obtain removable ramps that will allow wheel chair access	.To request survey and feasibility from LA . <ul style="list-style-type: none"> To obtain quotes. 	Access from and to all parts of building for wheelchair users.	When possible or required	All pupils and staff able to move easily from one part of the building to another. This remains a target due to financial constraints
Long Term	To refurbish all rooms to accommodate all disabilities:	Install acoustic ceilings, soft furnishings, carpets, glare reduced surfaces, windows, signage etc	All learners better accommodated	As required or possible Lighting has been replaced by LED lighting across the school	Overall improvement to accessibility for all learners. This remains a target due to financial constraints
